Marilyn's Musings ...

Construction is underway, remediation is happening and the Wing C building should be ready for demolition at the beginning of May. The new build will bring some inconveniences to our residents and we are making everyone aware of the occasional power and telephone outages. When needed, we will be using our cell phones for any communication we require, or for emergencies. Please note that we are adjusting our meals and preparations for the least amount of impact on the residents. If you have any questions, please do not hesitate to give us a call 780-853-5706.

THANK YOU!

We are grateful to the Knights of Columbus for the \$3,000 donation towards the chapel cupboard.

CANADA 150 MOSAIC

Five residents will be painting tiles for the Canada 150 mosaic. The event takes place at VES, and our residents will make an important contribution to the project. Over 600 local participants will be scheduled for one hour to paint a tile. School students and members of our community will be participating. Once completed, the mosaic will be installed in the entrance-way of the Vermilion Stadium.

Residents had a lovely time at the Farmers Market on April 18. We shopped, we enjoyed a nice cup of coffee and a visit.

FLOOR CURLING

The season came to a stupendous end with the Red Rockets beating the Blue Moons by only five points. The players were ready, on time, with lots of skill, energy and good cheer.
